# Linux '12

Summer Camp

The 3rd “Linux Summer Camp” is organized by the Turkish Linux Users Association (TKD) and Internet Technologies Association (INETD) at Bolu Abant İzzet Baysal University, Turkey, 23 June - 8 July 2012.

In this summer camp, it is aimed the participants to gain knowledge and experience on different areas of Linux and free software. The camp will last for 15 days and have nearly a 100 hours of total work for each course, with additional etude hours. The participants will be primarily chosen from governmental institution and university staff from all over Turkey.

This year in the summer camp “Linux System Administration I- II”, “Free Software Development with Java EE 5 on Linux” and “Libre/OpenOffice + Linux Desktop” courses will be given in parallel. The “Linux Summer Camp” receives attention with its popular subjects and qualified educators. No fees are required to participate the summer camp. Also it is the only Linux summer camp organized in Turkey. There will be over 180 chosen participants and 15 educators.

We invite you to support the “Linux Summer Camp” as a sponsor.

Yours sincerely,  
Adil Akbaş
